It is the goal of the Robbinsville Schools to provide safe and efficient transportation to its students. The District provides transportation to and from school for all public students in grades K-3. Public school students grades 4-8 who reside more than two (2) miles and public school students grades 9-12 who reside more than two and a half (2.5) miles from their assigned school will be transported. A list of non-public schools for which transportation is provided can be obtained by calling the Transportation Department.

Transportation is provided and supervised under the rules and regulations set forth by the NJ State Bureau of Pupil Transportation as well as the rules and regulations of the Robbinsville School District.

ROUTES AND BUS STOPS

1. Routes are arranged so vehicles serve the greatest number of students safely within a reasonable time.
2. Vehicles will not leave the designated route to pick up or drop off students.
3. Routes and stops are reviewed annually to determine the safest, most efficient, and timely routes.
4. Any questions regarding bus stops and bus routes should be addressed to the Transportation Department, NOT THE DRIVER.
5. There will be no provision or stops at child care providers. The stop must be in the same attendance area and must be five (5) days per week. A written request for approval must be submitted to the Transportation Department at least ten (10) days prior to the start.
6. Students who request to ride another bus may only do so on an emergency basis such as an early dismissal due to inclement weather, AND the Parent/Guardian MUST contact the Transportation Department directly. The request may be denied and Parent/Guardian may have to make other arrangements.
7. Students who request to utilize another bus stop that is not their assigned stop, but is on their assigned route must contact the Transportation Department for approval.

ASSIGNMENT OF STUDENTS

Prior to the opening of school in September, students will be assigned to a specific route and bus stop. Bus passes will be e-mailed to the students with route, stop location and approximate times. The Transportation Department receives many requests for changing bus stops. These requests will be handled as they are received; although NO request is guaranteed and will not be processed until the period between August 15th and September 30th.

Drivers ARE NOT permitted to make “special arrangements” for any reason. Driver MUST follow their route description which has been approved by the Transportation Department. Drivers that make “special arrangements” are breaking the law and potentially putting students, parents as well as the district at risk.

PARENT/GUARDIAN RESPONSIBILITIES

The regulations and responsibilities should be reviewed with your child(ren), not only for his/her safety, but to insure the safety of all children riding the school bus.

- *Help your child(ren) to be on time at the bus stop. It is the Parent/Guardian’s responsibility to transport the child(ren) directly to the assigned school if the bus is missed. **Please DO NOT follow the bus to another stop along the route. Children may only board/exit the bus at their designated stop.**

If no one is present for the child, he/she will not be permitted to exit the bus without further instructions from the Transportation Department.
- *Cooperate with school officials regarding discipline that supports safe riding behavior. Parental assistance in this matter is very important.
